

Wetrok Speedmatic Twister
As agile as a whirlwind and yet extremely compact

As agile as a whirlwind and yet extremely compact

Agile and flexible as a whirlwind – the Speedmatic Twister. In addition, the Twister sweeps an impressive width of 780 mm while remaining compact in everyway. The Twister is light weight and has everything you need including a battery charger. The battery powers the strong vacuum system, side broom and rotating cylindrical brush while providing propulsion for the wheel drive.

Simply smart

- Compact dimensions for narrow spaces and areas
- Maintenance-free for the shortest downtimes
- Attractive value for money ratio

Efficiency & performance

- Less effort and time needed thanks to improved cleaning performance
- Silent and emission-free battery operation
- Polyester filter for wet debris

Excellent degree of comfort

- Optimal maneuverability and handling when cleaning at walls and in corners
- Maximum flexibility with integrated battery charger
